

# SAGAR JAIN

Backend Developer

+91-7073407842 | sagarjainreal@gmail.com | Jaipur, Rajasthan | [sagarjain.vercel.app](https://sagarjain.vercel.app)

## PROFESSIONAL SUMMARY

---

Backend Developer with 1+ year of experience in designing and delivering scalable microservices and RESTful APIs using Java, Spring Boot, and Spring Data JPA, while driving measurable performance improvements across enterprise applications. Skilled in REST API integration, database management, and defect resolution. Proven track record in cross-functional collaboration, legacy system modernization, and building reliable solutions across financial and enterprise platforms.

## EXPERIENCE

---

### System Engineer — Tata Consultancy Services

*April 2024 – Present*

- Built a backend Course Management System using Java and Spring Boot, serving 3 core modules (Student, Admin, Trainer) with role-based access control for 100+ users.
- Designed and implemented 15+ RESTful APIs for CRUD operations, reducing average query response time by ~25% through optimized SQL indexing and query restructuring.
- Implemented centralized exception handling and input validation covering 10+ API endpoints, reducing invalid-request errors by ~40% in testing.

### SQL Development Intern — Persistent Systems

*June 2023 – August 2023 (3 months)*

- Completed a structured SQL Development internship focused on database management, query optimization, and relational database design for enterprise-scale systems.
- Wrote and optimized 30+ SQL queries across normalized schemas, improving query execution efficiency by identifying missing indexes and eliminating redundant joins.
- Designed and documented 5 ER diagrams and schema blueprints aligned with enterprise data modeling standards, used during team code review sessions.

## TECHNICAL SKILLS

---

**Languages:** Java (Java 8 — OOPs, Collections, Multithreading, Exception Handling)

**Frameworks:** Spring Boot, Spring Data JPA

**APIs & Architecture:** RESTful APIs

**Databases:** SQL, MySQL, JDBC

**DevOps & CI/CD:** Git, GitHub, Maven

**Testing & Quality:** Postman, Code Reviews, Agile / Scrum

**IDEs & Tools:** IntelliJ IDEA, Eclipse, VS Code, JIRA, Tomcat

## EDUCATION

---

### Bachelor of Technology (B.Tech) — Computer Science & Engineering

Jaipur Engineering College and Research Centre | 2020 – 2024 | CGPA: 8.78
